“Having used motion capture for more than 15 years, we are extremely excited to start working with the iconic game franchise FIFA to deliver the highest level of physically-based gameplay in football history,” said Mark Rein, Co-Founder and Managing Director of DICE. “We have reimagined the game engine from the ground-up to bring players, who are more immersed in each other’s movements, such as passing and tackling, to life in a way that we believe only EA SPORTS can deliver. EA Sports adds Goalkeeper or Can Flatter The FIFA mobile app adds two new gameplay modes. Goalkeeper Mode lets you attempt to flatter the ball into the goal with a goalkeeping action and Shoot Mode lets you take on a goalkeeping challenge using predefined tactics. “The new FIFA mobile features represent the ongoing evolution of EA SPORTS FIFA and the FIFA franchise,” said Tanase Vsevolodovich, General Manager of EA SPORTS. “We have made the game easier to play in the Sudden Death mode, allowing for more tactical strategy. Using enhanced motion capturing technology, we have made players more in sync in certain movements and collisions, which improves the overall experience.” EA SPORTS FIFA is available for iPhone and iPod touch, and is coming soon to iPad. Last but not least... EA SPORTS FIFA 18 Unleash your inner striker in FIFA 18 with new “Dynamic Crossing,” an artificial intelligence-driven system that analyzes the pitch conditions, players and your positioning to intelligently guide crosses into the box. You’ll catch more chances from dead-ball situations and even corner kick chances will be more consistent and powerful. PLAYER DIRECTIVES On the pitch, an improved menu has been added, allowing you to view player directives during gameplay. FULL-FLEDGED PITCHING CONTROLS – feel like you can play anything with improved manual throw controls for goalkeeper and back line players. – feel like you can play anything with improved manual throw controls for goalkeeper and back line players. Fifa 22 Features Key:

- Introducing “HyperMotion Technology,” which uses motion capture data collected from real-life players playing a complete, high-intensity football match in motion capture suits. The data captured from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay.
- Career Mode – Live out your dreams as both a manager and a player in FIFA 22. Create the newest club in FIFA, design your kits, style your stadium, and choose whether to compete with the elite or rise up from the lower divisions as you manage your club to glory. Or test your skills as a player, with a more immersive Player Career mode that gives you more ways to progress, achieve, and immerse yourself in your Pro’s journey through the game.
- FIFA Ultimate Team – Play the game the way you want to play it, through authentic football transactions. Interact with your favorite players, create your own players with your own technique, and compete against your friends in the biggest Ultimate Team League in the world.
- Selected Playable African Football Teams – 30 African clubs that have participated in the Men’s World Cup and Women’s World Cup, including Arsenal, Nantes, PSG, Marseille, Napoli, and Germany’s historical clubs Hamburg and Hertha Berlin.
- Beautiful Graphics, Visual & Audio Achievements, and innovations that improve the way football is played, watched, and experienced.
