sealed off by izanagi, yugiri mistwalker, along with several others, were transported to an unknown location. [9] after the scions' arrival, she was surprised to find out that they'd been taken captive by azura. as such, yugiri is taken aback by her husband's reaction upon learning that she is a chakra dragon. she also expresses her shock upon noticing that his eyes have been restored after being sealed away by izanagi. [10] as hynek's sworn steed, yugiri mistwalker takes a deep interest in his lifestyle and is an avid supporter of his ideals. though she has no inherited power, like genji, she is almost as powerful as him at times. along with his other tasks, hynek takes on the role of a protector to her. as the leader of the high elves, however, yugiri mistwalker is not involved in that power struggle, and stands under minfilia. after the departure of the nobles, her wish was to accompany hynek to eorzea, along with genji and the others. she also deepens her friendship with genji's "little brother" during his exile in sunred. when yugiri mistwalker meets the scions of the seventh dawn, she accepts the chaotic neutral alignment of their party. she is also very interested in their methods, but does not hesitate to question them on their beliefs. in the first game, the mission where genji and the others rescue the chakra dragons is named "a hero's legacy" (英雄の遺産). [12] in the playstation 3 and ps4 version of this game, the mission where yugiri mistwalker serves the scions of the seventh dawn has the same name as the previous version. [13]
