

K Sagar Mpsc Books Pdf 1 _BEST_

while preparing for the mains, it is recommended that aspirants study the best books for mpsc prelim, mains and final selection along with the mpsc merit list. most aspirants score very low in the first round of the mains due to lack of preparation. therefore, one should practise a lot before appearing for the exam. the following books and websites have useful resources for the mains and final selection. each country will be given one "sagar box" in which they will have the option of joining as observers. the sagar box would have six services namely - maritime domain awareness, air domain awareness, space domain awareness, cyber domain awareness, information domain awareness and human domain awareness under the sagar initiative. india will share its maritime domain awareness capabilities with its maritime neighbours. in order to do so, india will be setting up a maritime domain awareness centre (mdac) in kolkata. the mdac will be a high-level, global-class centre for monitoring maritime domain awareness information and analysis. it will have a well-equipped library and training facilities. sagar is now in the definition phase. the sagar initiative hopes to establish a free trade zone with the participation of its maritime neighbours. the initiative will also have a robust security partnership, enhanced maritime domain awareness, connected security, and a fully equipped cyber domain for defensive and offensive operations. while the sagar initiative will strengthen india's maritime domain awareness, the concept is predicated on the fact that it will be far more than a mdac. it is a step towards a "sagar box" in the indian ocean region. under the sagar initiative, india will be sharing the information it collects about its maritime domain with its neighbours. each of the six services will have to be operationalised in the region.
