Numerous agencies have been monitoring the ever-increasing radiating effects of high-powered frequency weapons. Long before the present global currency war, which has been in effect since January of this year, there was one simple but very effective weapon, which was more or less used up. This was a long-standing'multi-pronged' weapon, which was so effective it was left for dead. It was'retired' by the perpetrators, who committed a crime against humanity. There was a weapon, which until recently was an effective means of delivering death f988f36e3a
